<i>About the author</i>	<i>xi</i>

PART ONE: Historical, conceptual and theoretical basis of sustainability reporting 1

1 Introduction to sustainability accounting and reporting 3	
Introduction	4
What is sustainability?	5
Terminology of sustainability reporting	8
History of sustainability reporting	9
Sources of regulation	13
Competencies of the future accountant	16
Conclusion	16
Summary	16
Exercises	17
2 Theoretical perspectives on sustainability reporting 18	
Introduction	19
Governing sustainability reporting	19

Voluntary sustainability disclosures	24
Governance interplay: Mandatory and voluntary sustainability disclosures	24
Theoretical perspectives on voluntary sustainability disclosures	25
Another perspective on sustainability reporting	28
Conclusion	29
Summary	30
Exercises	31
3 A global overview of emerging requirements for sustainability reporting 32	
Introduction	33
The role of global political agreements	33
Introduction to regulatory initiatives for sustainability reporting	36
International standards and frameworks	48
Interplay between international standards	57
Conclusion	58
Summary	61
Exercises	62
Appendix 3.1 – What is a small and non-complex institution?	63

PART TWO: Topic-specific standards for sustainability reporting 65

4 Foundations of sustainability reporting: Cross-cutting standards 66	
Introduction	67
ESRS 1 General requirements	67
ESRS 2 General disclosures	79
ISSB	87
GRI	88
Conclusion	89
Summary	90
Exercises	91
5 Materiality and the value chain 92	
Introduction	93
Double materiality explained	94
Different understandings of materiality for sustainability reporting	95
Conducting double materiality assessment under ESRS	99
Final considerations	107
A practical case: Borregaard	109
Mapping the SDGs to materiality	112
Implications of double materiality for organizations	114
The Corporate Sustainability Due Diligence Directive (CSDDD) and double materiality	114
The value chain under ESRS	116
Conclusion	121
Summary	121
Exercises	122
6 Environmental reporting I: Climate reporting 123	
Introduction	124
ESRS E1 Climate change	124
Other standards and frameworks relating to ESRS E1	142
Conclusion	148
Summary	148
Exercises	149

7 Environmental reporting II: Pollution, water and marine resources 150	
Introduction	151
ESRS E2 Pollution	151
Other standards and frameworks relating to ESRS E2	158
ESRS E3 Water and marine resources	158
Other standards and frameworks relating to ESRS E3	162
Transitional provisions for ESRS E2 and E3	163
Conclusion	163
Summary	163
Exercises	164
8 Environmental reporting III: Biodiversity, ecosystems, resource use and the circular economy 165	
Introduction	166
ESRS E4 Biodiversity and ecosystems	167
Other standards and frameworks relating to ESRS E4	177
ESRS E5 Resource use and circular economy	180
Other standards and frameworks relating to ESRS E5	187
Transitional provisions for ESRS E4 and ESRS E5	188
Conclusion	189
Summary	189
Exercises	190
9 Social reporting I: ESRS S1 Own workforce and ESRS S2 Workers in the value chain 191	
Introduction	192
ESRS S1 Own workforce	193
ESRS S2 Workers in the value chain	202
Transitional provisions for ESRS S1 and ESRS S2	206
Other standards and frameworks	207
Conclusion	209
Summary	209
Exercises	210

**10 Social reporting II:
ESRS S3 Affected communities
and ESRS S4 Consumers and
end-users 212**

Introduction	213
ESRS S3 Affected communities	214
ESRS S4 Consumers and end-users	220
Other standards and frameworks	226
Transitional provisions for ESRS S3 and ESRS S4	226
A global outlook	227
Conclusion	227
Summary	228
Exercises	229

**11 Governance and business
conduct reporting: ESRS G1 230**

Introduction	231
Sustainability governance: Interaction between ESRS 2 and ESRS G1	231
ESRS G1 Business conduct	232
Business conduct policies and corporate culture	234
Management of relationships with suppliers	236
Transitional provisions for ESRS G1	239
Other relevant frameworks in the area of business conduct	239
Conclusion	242
Summary	243
Exercises	244

**PART THREE: Subject-specific
themes under sustainability
reporting 245**

**12 The financial sector and
sustainability reporting 246**

Introduction	247
Framework for sustainable finance	247
The European Union	248
The United States	255

Other international initiatives	256
Conclusion	259
Summary	260
Exercises	261

**13 Assurance and audit of
sustainability reporting 262**

Introduction	263
The evolution of sustainability reporting assurance	263
The CSRD and assurance requirements	264
Standards and frameworks for assurance	265
The role of auditors and assurance providers	266
Challenges for organizations	266
SEC US Climate Disclosure Act	267
Conclusion	267
Summary	268
Exercises	268
Appendix 13.1 – Ørsted AR (2023)	269

**14 Digital tagging, data and data
solutions for sustainability
reporting 271**

Introduction	272
Digital transformations	273
Understanding the digital tagging requirement of the CSRD	273
Challenges and opportunities in data handling for CSRD and ESRS compliance	274
Data and materiality assessments	274
Conclusion	277
Summary	278
Exercises	278

**15 Sustainability reporting in the
public sector 279**

Introduction	280
Evolution of sustainability reporting in the public sector	281
Global frameworks and standards	282
Audit and assurance of public sector sustainability reports	284

Public sector sustainability reporting implications for governance, decision-making and accountability	285
Conclusion	286
Summary	287
Exercises	288

**16 Competencies of the future
accountant 289**

Introduction	290
--------------	-----

A European approach to standardizing accountants' competence – The CSRD	291
Conclusion	293
Summary	293
Exercises	294
